Declassification of Photoreconnaissance Imagery

REFERENCE: DCI Memo NFIB-46.1/13 of 17 November, Subject:

Pursuant to reference, I undertook selection of a Chairman for the study of the declassification of photoreconnaissance imagery. Five people were nominated to me for consideration. I consulted with Sayre Stevens, Les Dirks, [redacted] Ted Shackley, and Roland Inlow and on 2 December selected Dr. James Lynch, Director of Geographic and Cartographic Research, as the most suitable. He was fully acceptable to all consulted. On 5 December I obtained the concurrence of the DDCI in the absence of the DCI.
